Created by Brainstorm Force—the same trusted team behind popular products powering over 4 million websites worldwide—Convert Pro has earned its reputation as a marketer's best friend.

What makes it special? For starters, it comes with a revolutionary **drag-and-drop editor** that lets you design stunning, high-converting opt-in forms without touching a single line of code.

Whether you need exit-intent popups, slide-ins, full-screen CTAs, or yes/no forms, Convert Pro has you covered.

The plugin is packed with **behavioural triggers** that help you display the right message to the right visitor at the right time.

Plus, it integrates seamlessly with over 30 major email marketing platforms—including Mailchimp, ConvertKit, ActiveCampaign, and more—so your workflow stays smooth and your data stays organised.

# Why This Black Friday Sale Is Worth It

Let's be honest—deals like this don't happen every day. Convert Pro's regular pricing is already competitive, but this Black Friday sale takes things to another level.

Here's the breakdown:

- **Annual Plan:** Normally \$99, now just **\$84**. You're saving \$15 and getting a full year of premium features, priority support, and regular updates.
- **Lifetime Plan:** Normally \$399, now slashed to **\$299**. That's a whopping \$100 saved, and you'll never have to pay again—lifetime support and lifetime updates included.

What I love about this deal is the **Lifetime plan**. Think about it: one payment, and you're sorted forever. No recurring fees, no surprise renewal charges. Just pure value. For agencies or anyone managing multiple client sites, this is an absolute no-brainer.

Plus, Convert Pro comes with a **14-day money-back guarantee**, so you can try it risk-free. If it doesn't meet your expectations (though I'd be surprised), you can get a full refund—no questions asked.

This isn't just a discount; it's an investment in growing your email list, boosting conversions, and building a sustainable online business. And with the clock ticking down, you'll want to act fast.
